DYNAMIC SCHOOLS RECOGNITION

A celebration of achievement for Brigade Public School at the Education News Network's Dynamic Schools Awards. This proud recognition celebrates the dedication, shared vision and continuous efforts of our school community in creating a vibrant school environment and meaningful learning experiences for every child.

From the Principal's Desk

At Brigade school, we believe that education is a continuous journey of discovery, growth, and personal development. Every day, our students bring boundless curiosity, determination, and creativity into the classroom and beyond. Whether they are discovering new concepts, engaging in real-world learning, or stepping up to meet new challenges, their enthusiasm inspires us all.

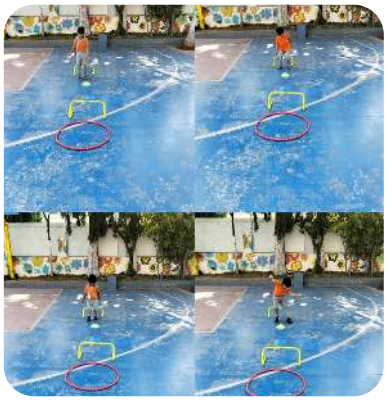

Our goal remains simple yet profound: to nurture environment where every child feels encouraged to explore their potential, build resilience, and develop a strong foundation for the future. True success lies not just in academic accomplishments, but in fostering strong character, kindness, and a lifelong love for learning.

None of this would be possible without your constant trust, encouragement, and active partnership. Together, we create a supportive ecosystem where our young learners can truly thrive and feel confident in their unique abilities.

Pre-Primary & Primary Highlights

Show & Tell: Public speaking exercise that builds oral communication skills, vocabulary, and self-confidence.

Hurdle Race: Physical obstacle course that develops gross motor skills, balance, and agility.

Key Explorers: Hands-on sensory activity using keys, locks, and puzzles to enhance fine motor skills and logical problem-solving..

Green Day: Themed color-recognition day with green crafts activities to foster nature appreciation.

EVS (People Who Help Us - Spinner Activity): Understand the roles of key community helpers and express appreciation for their contributions to society.

Math (Shapes on Geoboard): Recognize geometric properties of 2D shapes and develop spatial reasoning through hands-on construction.

English (Doing Words): Identify action verbs and apply them correctly in spoken and written sentences.

English (Fun Noun & Singular/Plural): Distinguish between naming words (nouns) and apply grammar rules for converting singular nouns to plural forms.

Math (Identifying Fractions): Conceptualize parts of a whole (halves, quarters) through both digital representations and concrete paper-folding models.

EVS (Landforms via Clay Modeling): Differentiate major physical geographical features (mountains, valleys, plains) through tactile, 3D modeling.

Educational Field Trips & Interactive Learning Outings

Grade X – Meteorological Department and Biogas Plant: Understanding weather forecasting, biogas production, renewable energy, and sustainable practices through real-world exposure.

Grades VI–X – Jaipur Educational Trip: Exploring Jaipur's historical monuments, cultural heritage, architecture, and traditions while developing observational skills and cultural appreciation.

ACADEMIC GUIDANCE & ASSESSMENTS

IDEAL TOWN ON ROAD SAFETY - AWARENESS SESSION

Our students of Grades IV & VII attended an enriching and interactive session on "Ideal Town on Road Safety" by Sarvejana Foundation in collaboration with HONDA.

The session focused on the 4 Es of Road Safety:
Education, Engineering, Enforcement & Emergency Care - guiding our young Brigadians to be responsible citizens and build Safer Roads for a Brighter Tomorrow.

A big thank you to Sarvejana Foundation & Honda for enlightening our students on this crucial life skill.

- **CYCLIC TEST-I**
